

MILGARD
WINDOWS and DOORS

C700 **Series**
Awning window

Ideal for any room in the house, the C700 awning window is an excellent choice for your next replacement or new construction project. Engineered with an eye toward bringing fresh air into your space, the C700 is easy to operate with its folding nest handle. Add in the windows various aesthetic options, and you have a window built for the 21st century.

What you can expect

NARROW SIGHTLINES

The C700 awning's narrow sightlines are a reflection of its modern design. Not only do they provide improved views thanks to the maximized glass area, but they also allow more natural light into your home's interior.

AESTHETIC OPTIONS

Between the six frame colors available – white, black, bronze, bark, adobe, and steel gray – the grid options, and the array of obscure glass options, the C700 can fulfil your vision and improve your home's curb appeal.

COMPLEMENTARY PRODUCTS

The C700 Series features a complete product family. Whether you're looking for a picture window, casement, single-hung, or a patio door – sliding and swinging – you'll find a C700 product to accompany your awning window.

Engineered to perform

- The 3¼-inch frame depth provides added structural integrity
- Primary weather seal is continuous around the frame for enhanced water resistance and energy efficiency
- MILGARD SunCoat Low-E2 comes standard, and SunCoatMAX Low-E3 is available as an upgrade for additional energy efficiency
- Hidden weep system for improved aesthetics
- The C700 comes with a Limited Lifetime Warranty

Max sizing

WIDTH	HEIGHT
60"	48"

Energy efficient glass

Able to meet ENERGY STAR® requirements in all four climate zones. Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort.

- In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near windows
- In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort

GLASS PACKAGE	U-VALUE	SHGC	ENERGY STAR ZONE
SunCoat Low-E	0.31	0.25	
SunCoat Low-E with Flat Grid	0.31	0.24
