

MILGARD
WINDOWS and DOORS

C700 Series Swinging Glass Door

Classy, stylish, and built to last, French patio doors can elevate a space like few other patio doors on the market. They're available in several frame colors, with a variety of other aesthetic options including grids, obscure glass, and hardware colors. The C700 French door is also easy to operate and energy efficient, making it an ideal patio door for the 21st century.

What you can expect

AMAZING VIEWS

Not only do the clean, simple lines give the C700 a contemporary look, they also enhance the views to the outside. With the C700 swinging glass door, you'll enjoy tremendous vistas whether you're looking out onto an urban, suburban, or rural setting.

COLOR OPTIONS

C700 is available in white, black, bronze, bark, adobe, and steel gray.

ENERGY EFFICIENCY

The C700 swinging glass door comes standard with MILGARD's SunCoat Low-E glass, and homeowners have the option of getting SunCoatMAX glass and argon gas between the panes for added energy performance.

Engineered to perform

- Reaches a maximum size of 12 feet wide by 8 feet high
- Available in in-swing and out-swing configurations, with operable or inoperable sidelites
- Three hardware options are available, including Dallas, Rodos, and Verona
- C700 offers peace of mind with a Lifetime Limited Warranty

3 - PANEL	
108-5/16"	95-1/2"
4 - PANEL	
143-1/2"	95-1/2"

Energy efficient glass

Able to meet ENERGY STAR® requirements in all four climate zones. Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort.

- In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near doors
- In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort

GLASS PACKAGE	U-VALUE	SHGC	ENERGY STAR ZONE
SunCoat Low-E	0.23	0.26	N, NC
