

MILGARD
WINDOWS and DOORS

V300
Trinsic™ Series
Picture window

Featuring the clean lines and modern look that the V300 Trinsic™ Series has become known for, the series' vinyl picture window can complement any design style. In fact, thanks to its numerous grid and color styles, you're sure to find the look that works for you and makes your home the talk of the neighborhood. And this window offers top-notch durability and energy performance.

What you can expect

MODERN, SLIM FRAME DESIGN

The V300 Trinsic™ Series picture windows boast a sleek, contemporary design with a narrow frame that maximizes the glass area. This design choice not only enhances the aesthetic appeal by offering expansive views but also allows for more natural light to fill the space.

BLACK CAPSTOCK TECHNOLOGY

The V300 Trinsic™ Series utilizes advanced co-extruded capstock technology, providing a durable, high-performance black finish. This technology enhances the windows' resistance to fading, chalking, and scratching, ensuring long-lasting beauty and minimal maintenance.

UNOBSTRUCTED VIEWS

The V300 Trinsic™ Series picture window, with its expansive, fixed glass panels, seamlessly provides unobstructed views and significantly enhances natural light, making it perfect for creating a stunning, visual focal point in any living space.

Engineered to perform

- Available in 1” or 1-3/8” nail fin setback, 1-5/8” Z-bar, block frame and block frame with sloped sill adapter
- SunCoat® Low-E2 glass coatings come standard on the V300 Trinsic™ Series for added energy performance with optional argon fill
- Multiple obscure glass options are available for you to choose from
- Dual-pane construction aids in noise control
- Designed for new construction or replacement applications
- The V300 Trinsic Series comes with Lifetime Limited Warranty. Full Lifetime Warranty is also available as an optional upgrade for a fee and must be selected at the time of purchase

Max sizing

WIDTH	HEIGHT
143 ½"	143 ½"

Energy efficient glass

Able to meet ENERGY STAR® requirements in all four climate zones. Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort.

- In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near windows
- In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort

GLASS PACKAGE	U-VALUE	SHGC	ENERGY STAR ZONE
SunCoat Low-E	0.32	0.30	
SunCoat Low-E with Flat Grid	0.32	0.27
