V400
Tuscany® Series
Awning window

The redesigned V400 Tuscany® Series awning window boasts an elegant look that combines enhanced design pressure performance with narrow sightlines, giving you a vinyl window that will last and beautify your home for years to come. This top-of-the-line vinyl window has energy performance that is top-notch, and its durable frame is ideal for any climate. This is truly a window for the 21st century.

What you can expect

DURABLE VINYL CONSTRUCTION

The V400 Tuscany® Series windows are made from high-quality signature vinyl known for its durability and low maintenance. Vinyl is resistant to moisture, warping, and corrosion, ensuring long-lasting performance and minimal upkeep. The redesigned V400 Tuscany® Series sash includes additional supports and chambers that improve structural performance to meet evolving building codes.

BLACK CAPSTOCK FINISHES

New to the V400 Tuscany® Series is our advanced co-extruded capstock, providing a durable, high-performance black finish. This technology enhances resistance to fading, chalking, and scratching, ensuring lasting beauty and minimal maintenance.

WEATHER-RESISTANT DESIGN

Awning windows in the V400 Tuscany® Series are hinged at the top and open outward, providing excellent ventilation even during light rain without letting water into the home. The low profile, folding nesting handle tucks away for a clean sight line.

Engineered to perform

- The redesigned V400 Tuscany® Series is available with 1-1/8" glazing pocket for improved STC performance
- Available in 1" or 1-3/8" nail fin setback, 2-1/8" or 1-5/8" Z-bar, and block frame
- SunCoat® Low-E2 glass coatings come standard on the V400 Tuscany® Series for added energy performance
- PureView® mesh screen is available to keep debris and bugs from entering your space, without obstructing your view
- Designed for new construction or replacement applications
- The V400 Tuscany Series comes with Lifetime Limited Warranty. Full Lifetime Warranty is also available as an optional upgrade for a fee and must be selected at the time of purchase

Energy efficient glass

Able to meet ENERGY STAR® requirements in all four climate zones. Our dual-pane insulated glass package options help save on heating and cooling costs while enhancing home comfort.

- In cool weather, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near windows
- In warm weather, it helps reduce solar heat gain and minimize glare to improve interior comfort

GLASS PACKAGE	U-VALUE	SHGC	ENERGY STAR ZONE
SunCoat Low-E	0.29	0.25	
SunCoat Low-E with Flat Grid	0.29	0.23	S
